

CONSTRUCTION

NATIONALLY RECOGNISED INDUSTRY QUALIFICATION

@ *Wycliffe Christian School* RTO: Association of Independent Schools NSW RTO Code: 90413 2019-1

THIS COURSE AIMS to provide students with the foundation knowledge and the elementary skills required to work in the building and associated trades.

The qualification is recognised as an entry-level qualification for employment in the construction industry and, depending on the qualification undertaken, provides opportunities for such things as:

- Apply knowledge and understanding of WHS and building site management
- Expand knowledge of the building sector and appreciate sustainable work practices
- Use a range of standard carpentry and construction materials and tools
- Develop practical skills in brick and blocklaying, formwork and framing
- Prepare sites for construction and following standard clean up procedures
- Read and interpret plans, follow building specifications and accurately apply measurements and calculations
- Work independently and in teams.

the KEY Alliance offers students a broad range of pathways to industry-recognised qualifications at trade level or university entrance

Course Hours	240 Hours of School timetabled time.
Course Type	Industry Curriculum Framework (ICF). Nationally recognised, based on Training Package CPC08
Duration	2 Years
