

KEY Alliance

WHAT IS IT

2019-1

THE KEY ALLIANCE is an innovative partnership between independent schools in Sydney's Greater West that have created Centres for Excellence with state-of-the-art training facilities in the key industry areas of automotive, construction, electrotechnology (electrician) and hospitality.

In addition to the core academic Higher School Certificate curriculum, the KEY Alliance aims to offer students a broad range of pathways to industry-recognised qualifications at trade level and/or university entrance.

Creating industry partnerships:

The KEY Alliance is forging active partnerships with business and industry, employer, community and education representatives for the benefit of students and the promotion of the key business and industry areas and their career options.

Guided by the school business plan, and informed by business and community representatives, the KEY Alliance Council is the core to develop and implement a range of projects and programs to enhance the learning opportunities for students in such areas as:

curriculum development – assessment validation – developing validation tools – industry trends information and development – building work placement and work experience opportunities.

service leaning projects – developing projects within the particular trade areas that benefit partner schools and/or the wider community; for example, build community gardens, seating and shade areas, provide catering services.

project based learning – developing projects within industry specifications with the assistance of industry representatives.

Certificate II or Certificate III may be achieved in:

TRADE COURSES:

- Automotive
- Construction
- Electrotechnology
- Hospitality - Cooking/Catering

OTHER VOCATIONAL COURSES:

- Early Childhood Education and Care
- Information, Digital Media and Technology
- Live Production and Services
- Retail Services -external (on-the-job)
- Design Fundamentals -external

Note: The KEY Alliance may offer additional vocational &/or educational courses in the future with relevant partner bodies.
